Abstract by Melissa Sutton

The article is a review by Judge Richard D. Cudahy of the *Administrative Law Desk Reference for Lawyers*. Judge Cudahy concludes that the modest title of this work does not do it justice. He finds the work to be helpful both for those steeped in administrative law's mysteries and skilled in its application, as well as for administrative law novices.

Judge Cudahy finds that the book displays an extraordinary command of the subject, coupled with careful planning and the inclusion of many important features to facilitate understanding. Judge Cudahy concludes that the book is written in plain English that everyone can understand, and he recommends it highly.
