11th Annual Student Bar Association Golf Classic

"Washington College of Law (WCL) is uniquely dedicated to creating and sustaining an educational culture that emphasizes the power of the law as a crucial tool to achieve social justice and human rights. WCL faculty, alumni, administrators, and students fully recognize that a law degree confers special responsibilities to the community, the nation and the world, providing at the same time tremendous opportunities to bring about positive change for humankind. The recognition of these responsibilities is evidenced by our commitment to pro bono and public service, an essential component of the educational mission of our law school. WCL's annual golf tournament helps to recognize our community service work and raise funds that enable our students to continue pursuing community service endeavors that positively shape the world in which we all live."
-Dean Claudio Grossman
