Sponsored by The Modern American and the Women's Law Association

The Women's Bar Association of the District of Columbia and the Women's Bar Association Foundation are merging their collective historical archives, spanning over 90 years, and showing the impact of Ellen Spencer Mussey & Emma Gillett—founders of both the WBA and WCL—on the professional training and progress of women lawyers in this community. The Washington College of Law has generously offered to house these historic archives in its Pence Law Library, which will professionally preserve and make available for display, research, and electronic access, the meeting minutes, reports, pictures, programs, and other pieces comprising the historical archives of one of the first women's bar associations in the United States.
